

## **February 2011 News Letter**

### **\*\*\* Endowment Fund \*\*\***

The OTA Board Members voted and passed at the last board meeting to start an endowment fund to go towards capital improvements. Flyers are being made and will go to all Okla shooters who are OTA members. We have four projects which we plan to have completed by June 1st, our state shoot date.

- 1.** Repairing our west wall to comply with our insurance inspector.
- 2.** Wiring going east from the clubhouse to the first three trap and skeet fields.
- 3.** Air conditioning for our club house.
- 4.** Pumps with floats in each trap house to protect our pat traps from flooding.

There will be four levels of endowment offered.

**Level 1:** \$100 gets the donor named on a special plaque which will hang in the clubhouse, and will be invited to shoot a special 50 bird handicap on Friday of the state shoot for guns and shells, no charge to shooter.

**Level 2:** \$500 gets the above plus all championship targets at the state shoot are free to shooter.

**Level 3:** \$1,000 gets all the above plus dinner for two at the State shoot and a one-of-a-kind incredible belt buckle.

**Level 4:** \$2,500 gets all the above plus a lifetime OTA membership and all targets at state shoot are free.

Any free targets or the lifetime membership may be gifted to anyone of the donors choosing. A flyer will soon be in the mail. We urge anyone, whether a registered shooter or just someone who shoots at the club to please consider donating. Our long range goals are for a new facility. Anyone wishing to contribute to this may make checks payable to OTA and send to our secretary, Tim Mount, 1409 S Nelms, Mustang, Ok 73064. For any questions regarding this fund, please contact Rob Bliss @ [countryequipment2@gmail.com](mailto:countryequipment2@gmail.com)

### **\*\*\* February Registered Trap Shoots \*\*\***

Duncan Gun Club on Feb - 06.

Oil Capital Gun Club on Feb - 20.
