***** 2011 State Shoot *****

As you all know, the 2011 State Shoot will be hosted by the OTA Shooting Park from June 1 thru June 5. [Click here for more information.](#) If you get the chance, please extend your thanks to the OTA Board members for all of their hard work during the last couple of months to organize and plan for the state shoot.

***** Skeet Fields *****

The Skeet fields will be closed during the state shoot. Since we only have 2 skeet fields it would be appreciated if the shooters would rotate / share the fields when it is busy, that way no one will have to wait too long to shoot.

***** AIR CONDITIONING *****

The OTA Club House now has Air Conditioning!!
