

OTA Jan 2013 News

Hello Trapshooters,

I hope everyone is doing well this winter season. We are doing much needed maintenance on the skeet machines. We have been keeping 2 fields open while working on one. There also has been some lead mining going on. Practice rounds have continued at a good pace, although we have only held one derby and the weather was good but it was poorly attended.

If you haven't re-joined ATA / OTA, now is a good time to do it. I have given the OTA club schedules to Phil and he will be posting them soon along with the programs for each month, dates of shoots etc. Check the web site from time to time. I will also try to get some shoot cards printed and make them available for everyone as soon as I can get to it.

I want to personally thank Gene and Garland Sears for the help they have given us this last year and also for taking it on themselves to get our waterline leaks patched at no expense to OTA. On another note Tim McCann has had hip replacement surgery and is recovering well. Also Bennie Livingston had Knee Replacement surgery but has had some complications and been back to the hospital since. Let's hope for a good recovery.

That's all the info I have at this time. Try and get out to shoot as this is a lean time with reduced shooting going on.

Larry Parsons OTA Prez.
